

Neonatal and Pediatric Simulation Course

The LAU-Clinical Simulation Center is organizing a Neonatal and Pediatric Simulation Course. The course, the first of its kind in Lebanon, offers participants the opportunity to practice managing neonatal and pediatric emergencies with fully immersive drills in a real clinical environment. The course increases participants' technical and non-technical skills and improve their ability to manage these emergencies efficiently and effectively.

Audience:

Pediatricians, neonatologists, residents and nurses.

Venue:

LAU-Clinical Simulation Center
Chagoury Health Sciences Center, 4th Floor - Byblos Campus.

Date and Time:

Friday and Saturday March 9 -10, 2018
from 9:00 a.m. to 4:00 p.m.

LAU-SOM Instructors

Abeer Hani, MD
Krystal Malek, MD
Maroun Matar, MD
Ninette Hawat, MD
Vanda Abi Raad, MD, MHPE
